React js Web Developer

I am seeking an internship in React.js technology where I can contribute my skills and gain valuable hands-on experience. With a strong background in web development and several personal projects, I have honed my ability to build responsive, interactive applications. I am eager to collaborate on innovative projects while continuing to expand my knowledge and skills in modern web development.

Professional Experience

Gamica Cloud, Pakistan

Aug 2022 - Dec 2022

React JS Internship, Faisalabad

- My experience at Gamica Cloud has allowed me to develop my skills as a React-JS developer and to work on a variety of exciting projects which include **Expense Tracker App**, **Ecommerce Frontend**, **Calculator**, **To Do List** etc. [Certificate](#)

QC360, Pakistan

Jan 2023 - Mar 2023

Mern Stack bootcamp, Lahore

- Create an Ecommerce Site using React-JS, Redux & Bootstrap and also create backend using Node JS with Express-JS and MongoDB. [Certificate](#)

Internee.PK, Pakistan (Remote)

Aug 2024 - Sep 2024

React JS Internship

- My experience at this remote internship has allowed me to develop my skills as a React-JS developer and to work on a variety of exciting projects which include **Weather App**, **Redesign Internee.PK Site**, **Redux Implementation**, **Portfolio** etc.

Core Competencies

HTML, CSS, Javascript, ReactJS, Npm libraries, Bootstrap, MUI, Redux, Responsive Web Design

Projects

Ecommerce site

- A React.js e-commerce site showcasing modern web development practices with a responsive design, dynamic product listing, cart management, and seamless navigation. Built with reusable components, state management, and API integration for real-time data updates, providing a smooth user shopping experience.

Coffee Shop Site, [Link](#)

- A sleek, user-friendly coffee shop website featuring an intuitive reservation system, responsive design, and a visually appealing layout with seamless navigation, showcasing menu items and services with modern aesthetics.

CV Builder, [Link](#)

- Create a CV using this App and choose one template of your choice. I use reactFormHook library to build this app.

Redesign Internee.PK Site, [Link](#)

- Internship task to redesign Internee.PK website using react.

Weather App, [Link](#)

- Weather app build by open weather API using fetch method

Education

GCU, Faisalabad, Bachelor in B-IT, (GPA: 3.29), 2018 - 2022
